ENGLAND AGREES WITH THE FRENCH

Will Not Allow Turkish
Nationalists to Occupy
Thrace at Present

ALLIED GENERALS CAN PROCEED NOW

Will Present Solid Front at Armistice
Conference at Mudania — Unconfirmed
Report that Sultan Has Abandoned —
Cousin Succeeds Him.

PARIS, Oct. 7. (Associated Press.)—Great Britain and France, as represented by Foreign Secretary Curzon and Premier Poincare, have agreed in principle that the troops of the Turkish Nationalists shall be allowed to occupy eastern Thrace only after the conclusion of a peace treaty. This general agreement will now be submitted to the French and British cabinets which are in session and will be referred to Rome by the Italian representative here.

There is considered to be little doubt, however, that all will accept and that the details will be worked out this afternoon so that the allied generals at Mudania can resume their conference in full agreement with each other as to the terms to be offered the Turks.

It was announced this afternoon that the cabinet had fully approved the instructions sent the French representatives at Mudania by Premier Poincare as the result of this morning's conference.

Turkish Sultan Falls.
LONDON, Oct. 7. (Associated Press.)—A report that Sultan Mohammed VI of Turkey had abdicated was received early this afternoon by the Russian delegation here, in a wireless dispatch from Moscow. There is no confirmation of the report but Moscow is believed to be in close communication with Constantinople and Ankara.

The Moscow despatch, which repeated a message from Ankara, said that upon his abdication the sultan named as his successor his cousin, Abdul Medjid Efendi, who will be known as Medjid II.

SOHOONERS IN SPEED RACE.

Trying Out Contender for International
Fisherman's Race.

HALIFAX, N. S., Oct. 7.—The Margaret K. Smith showing surprising speed in light airs took a comfortable lead at the start today of the first elimination race over a 40-mile course to determine the Nova Scotia schooner that shall compete in the international fisherman's races at Gloucester, Mass., this fall. The Smith held the lead for the first two miles until Bluenose, international champion, which got away to a poor start, passed Canada and Mahaska and stood on even terms with the Smith.

The automobile is a great invention, but it is not as big an invention as the stories of its reliability that the salesmen tell you.

DYNAMITE CLOSES COAL MINE'S MOUTH

Planned to Open Mine Monday With
Non-Union Labor—Explosion
Heavy One.

UNIONTOWN, Pa., Oct. 7.—The most serious dynamiting in the Connellsville coke strike region in several months occurred this morning when three heavy blasts closed the pit mouth of the Provant mine near Masontown, destroyed the tipples and demolished the fan house. Plans had been made to reopen the mine next Monday with non-union labor.

FUND FOR EDWARDS BUST.

Mayor of Boston Seeks Subscriptions to
Pay Sculptor for Rejected Work.

BOSTON, Oct. 7.—The marble bust of General Edwards by C. S. Paolo, which stands at the present time in the lounge room of the Boston City club, has attracted a new distinction since the art commission rejected it.

The commission, of which Thomas Allen is chairman, has not assigned any particular reason for rejecting the bust, so there is no knowing just what is the matter with it. It may be that the commission felt the city was too poor at present to purchase such a bust, and if that was the reason, Mayor Curley has at least partially solved the problem by starting a subscription—a fund—with which to remunerate the sculptor. Of course, even then it cannot be set up in a municipal building without the consent of the art commission.

As a work of art, the bust has been approved by Gen. and Mrs. Edwards and by several prominent sculptors and critics. It is slightly larger than life and, in profile especially, is a remarkable likeness of Gen. Edwards.

AMUNDSEN RELIEF PLAN OFF.

Hansen, Danish Explorer, Won't Send an
Expedition to the Arctic.

COPENHAGEN, Oct. 7.—Captain Gottfried Hansen, an aid to King Christian, has given up the plan to send a relief expedition to meet Roald Amundsen, the Norwegian explorer, attempting to reach the North Pole. The reason given for Captain Hansen's action was the withdrawal of American financial backing.

Captain Hansen's scheme to send the expedition was severely criticized by Norwegian explorers, who ridiculed his assumption that Amundsen had already flown to the North Pole. It was announced several days ago that Amundsen would attempt to make a flight to the North Pole next May.

McQuillan to Pitch for McGraw's Team
—Ryan Is Relief Man—Giants Shut
Out Yankees 3 to 0 in Yesterday's
Game.

NEW YORK, Oct. 7.—A drizzle this morning made it doubtful whether a world series game would be played this afternoon. Miller Huggins was making desperate plans for today's game. He believed that Carl Mays, who hasn't been having any great success with his underhanded delivery this year, might halt the advance of McGraw's men. If Mays doesn't bear out this belief Huggins is prepared to send Bush into the game with but two days' rest.

McGraw, with two victories chalked, can afford to take chances and he has nominated Hugh McQuillan for the pitching duty. Ryan, the youngster who relieved Nehf and worked so admirably for a short spell in the opening game, is to be kept ready for relief. Today's batting order:

Pipp, 1b.

LAWSON LEASES APARTMENT.

Effects Great Reduction of Expenses in
Hiring Boston Rooms.

BOSTON, Oct. 7.—Thomas W. Lawson has leased an eight-room furnished apartment in the Fenway district of this city and will reside there this winter. Friends of the missing financier said yesterday, Dreamworld is reported to have cost more than \$200,000 a year to maintain. The rent of the Fenway apartment is said to be less than \$300 a month.

Friends of the former "Copper King" said that in this comparatively small home Lawson will plan another coup to retrieve his fortunes. It was said that the sale of the Dreamworld indicated only a temporary lack of ready cash.

TWO IN HOSPITAL AFTER ACCIDENT

Automobile Goes Off Bank on Hinsdale
Road—Clarence Walker and Philip
Scribner Injured.

Two men were taken to the Brattleboro Memorial hospital yesterday following an automobile accident near Hinsdale on the Hinsdale road. The injured men were Clarence Walker of Hinsdale, who received several lacerations about the face and a sprained wrist, and Philip Scribner of Glens Falls, N. Y., who was riding with Walker at the time of the accident. Scribner was bruised and severely shaken up.

Walker, it is said, was driving a Ford automobile owned by a man named Geoffrey, who formerly lived in Hinsdale and who happened to be visiting in that town yesterday afternoon. Walker and Scribner were driving toward Brattleboro, and when near the Stratton camp the car left the road and went down an embankment.

The men were brought to the hospital here, where it was said this morning that the men were not badly hurt. The accident happened about 4.30 o'clock.

Another accident happened yesterday afternoon near the underpass near the Doolittle station on the Boston and Maine railroad above Northfield. A big truck said to be from Greenfield and going in that direction, struck a car carrying five men. It is thought that the steering gear on the truck was broken so that the driver lost control of the driving mechanism and the truck veered to the side of the road and plunged down a steep bank, making a nose dive into the ground, injuring some of the men.

PUBLIC HEALTH NURSES REPORT

Miss Sanderson and Miss Hoffman Tell
Administrative Committee of Ac-
tivities in September.

Aside from the discussion of matters in general, the time of the meeting of the administrative committee of the public health project of the county Red Cross chapter was occupied yesterday with the reports of the two public health nurses, Miss Helen M. Sanderson for the southern district and Miss Clara E. Hoffman for the West River district.

Miss Sanderson reported that she had made 50 visits; held 13 home hygiene classes, new classes being formed in Guilford and Dummerston; attended five committee meetings and six other meetings; had 14 office interviews; traveled 100 miles; visited 10 schools; inspected 242 pupils; gave seven individual inspections; found that 17 children had corrections made; gave three class talks; started three health classes.

Although the work of Miss Hoffman is going along well, only a few of the towns in her district having been organized for the public health work. Her report, however, showed that she had visited 10 schools; inspected 415 pupils, finding 186 defects; held a child welfare conference, 23 children attending; attended two committee meetings; gave three class talks; started three health clubs. Among the defects found in the children examined 34 had defective vision, 105 defective teeth, 5 nose trouble, 12 throat trouble, 16 were 10 per cent under weight and 19 were 20 per cent over weight.

CHICAGO, Oct. 7.—Chicago is enjoying its second crop of native strawberries. Many patches around the city have developed another growth under the spell of a fair and warm Indian summer. Some growers are offering the berries at 20 cents a quart.

Meeting to Be Held in Brooks House —
County Delegation Elects County
Committee, Who Will Meet Soon and Select
Its Chairman.

Plans are under way for a meeting and banquet in the Brooks House soon, to be attended by the Windham county nominees of the Republican party and invited guests. It is expected that Redfield Proctor of Proctor, nominee for governor, and some other state nominees will be present to speak and that Col. John E. Paddock of Saxtons River, chairman of the Republican state committee, will be present. It is expected also that Mrs. Margaret Tucker of Brattleboro, the Windham county woman member of the state committee, will be in charge of the meeting. A gathering similar to this was held two years ago.

At the Republican state convention in Burlington this week the Windham county delegation held a meeting, at which Col. Paddock presided, and George D. Aiken of Putney was elected clerk of the delegates. A new Republican county committee was elected, the personnel of which is as follows: Judge A. E. Cudworth of South Londonderry, Miss Ethel A. Eddy of Brattleboro, A. Danforth of South Vermont, Mrs. George C. Wright of Westminster, H. A. Williams of Newfane, Don O. Butterfield of Wilmington, Mrs. C. H. Willard of Townshend, Orrin B. Hughes of Brattleboro, Henry W. Frost of East Putney and Dr. John H. Blodgett of Bellows Falls. The committee will meet soon to elect a chairman and formulate plans.

The county committee the past two years has been S. A. Daniels of Brattleboro, chairman; Dr. F. L. Osgood of Saxtons River, Mrs. Clarke C. Fitts of Brattleboro, Merton E. Barber of Willington, Mrs. Warner A. Graham of Bellows Falls, Russell Thomas of Guilford, Mrs. Edgar H. Allbee of Townshend, F. L. Partridge of Putney, Mrs. George C. A price of \$3.12 a square yard was quoted by the selectmen of the Hassan Paving Co. of Worcester, Mass., but Road Commissioner C. J. Dube estimated that the work could be done for much less than that, his figures being \$2.25 a square yard.

In the recent special town meeting an appropriation of not more than \$12,000 was voted for having the work done.

HEADQUARTERS IN BRATTLEBORO

E. B. Halladay, Assistant Manager of
Life Insurance Co. for Windsor Dis-
trict, to Come Here Soon.

E. B. Halladay, formerly of Brattleboro and for the past two years Ludlow representative of the Metropolitan Life Insurance Co., has been promoted to the office of assistant manager of the Windsor district, with headquarters in Brattleboro. He will come here in a week or 10 days. He will be succeeded in Ludlow by Daniel P. Rossier, manager of the Vermont Tribune (Ludlow) since November, 1921.

Mr. Halladay is a son of Mr. and Mrs. A. E. Halladay of Chestnut street. He was born in Newfane a little more than 22 years ago. After his graduation from Brattleboro high school he went to Wisconsin to travel for an office supply firm. He returned East in 1920 and entered the employ of the Danham Bros. Co., remaining with them as clerk until he went to Ludlow.

His appointment gives him the unique distinction of being the youngest assistant manager of the Metropolitan company in New England, if not in the East, and to have won his promotion after less than a year in the work. In June he had pushed his way into the select \$50,000 club of the company, which comprises only those agents who had placed that amount of business in the first six months of the year. He is leading the entire district of 15 more experienced agents for the current year to date.

TWO ARE CHARGED WITH POSSESSING

Robert Bowker and Vincent Atkins Under
Bonds of \$600 Each for Trial
in County Court.

Robert J. Bowker and Vincent Atkins, both of Hanover, N. H., were arraigned in the Windham county court at Newfane yesterday afternoon on an information filed by the State Attorney Harold E. Whitney charging them with possessing intoxicating liquor illegally. Judge Harrie B. Chase held them under bonds of \$600 each for a trial later in the term and they were taken to the county jail by Sheriff Frank L. Wellman, who later brought them to the Brattleboro lockup as it seemed apparent that they would be able to secure bail and be released.

They were arrested last Sunday in the Rockingham hotel at Bellows Falls on complaint of the hotel management and some glasses were found in their room. At a hearing in the case of Bowker the jury disagreed. State's Attorney Whitney then decided to have the cases transferred to Newfane. The officers claimed that the two young men had been following the fairs and carnivals and that they were at the Valley fair. One of them was taken into custody at White River Junction, but was discharged for lack of evidence.

NEW VALLEY DISCOVERED.

California Mountain Climbers to Seek
Peak-Barred Region.

SAN FRANCISCO, Oct. 7.—Mountain climbers of the West have turned their eyes to the task of discovering what lies beyond a seemingly impenetrable wall of Siskiyoun County's "Hidden Valley." G. W. Pellemann, the discoverer of the valley, said he had glimpsed it from a mountain peak with the aid of high-powered binoculars. From all reports he believed the valley had never been entered.

Some men believe it abounds in game and that mineral deposits are likely to be found. Walls of sharp peaks surround the valley, standing like a barricade against man's advance. Once over the walls, Pellemann predicts, sealing ropes and ladders will be necessary to get beyond the chasms. He estimates the valley contains 300 acres.

FINDS HIS WIFE IN WHITINGHAM

But Joseph Marino's Feel-
ing of Joy Changes
to Disdain

WAS LIVING WITH FELLOW COUNTRYMAN

Woman Left Family in New York City
Last May — Husband Comes Here and
Police Investigate—Case Turned Over
to State's Attorney.

An alleged case of desertion that brought sorrow to the heart of a faithful husband who later changed his feeling of depression to one of antipathy, was revealed yesterday when Chief-of-Police George Wilson and Officer W. E. Tyler made a visit to Whitingham at the request of Joseph Marino, an Italian, whose home is in New York city, and found Mrs. Marino living contentedly with one of Joe's countrymen.

For some time Mr. and Mrs. Marino had been living in a tenement district in New York city, when suddenly last May Mrs. Marino left her home in the metropolis with Joe's fellow countryman, without leaving any word for Joe. The couple came to Whitingham, where Mrs. Marino's new companion secured a job with the construction company building the earth dam there. They picked out a cosy little shack half-way up the mountainside near the dam, where for several months the couple have been living together.

In some manner, news of the couple's whereabouts trickled back to Joe in New York city, when suddenly he made all haste to Brattleboro, where he laid the matter before Chief Wilson. In company with the two local officers, Joe went to Whitingham in the hope of meeting his wife. After searching Whitingham the officers searched diligently and found the shack where the couple were living and just as they approached the domicile they saw Mrs. Marino coming. She was carrying a bundle of apples in a bag on her head.

Joe was as smiling as he saw his wife approaching, but his facial expression changed to one of anger when he saw as he obtained a nearer view of her. And Joe returned to Brattleboro, a sadder but wiser man.

Constable J. Reid of Jacksonville was called and he opined that the matter was a case for the state's attorney, and as the other two officers joined in this opinion the matter was turned over to State's Attorney Harold E. Whitney for disposition. The state's attorney plans to make an investigation.

When Mrs. Marino left her husband she also left two small children. A week after she left, both children were taken seriously ill and the youngest is still in a hospital in New York.
